PROFILE

Hardworking and reliable Systems Development student (NQF 5) with strong programming and problem-solving skills. I am passionate about technology, eager to learn, and excited to apply my knowledge in a real-world environment. I am looking for an entry-level opportunity where I can contribute, grow and continue developing my skills.

RELEVANT EXPERIENCE

I am currently seeking my first professional opportunity in IT. Through my studies and personal projects, I have gained practical experience in programming, database development and web technologies. I am eager to contribute, learn and grow within a dynamic team.

PROJECTS

- **Personal Portfolio Website**
Developed a responsive personal portfolio website using HTML, CSS and JavaScript. Deployed using GitHub Pages.
- **TechStore Database**
Designed and implemented a relational database for an e-commerce system using MySQL, including customers, products, orders and other related tables.
- **Maison Éléance Website**
Designed and developed a restaurant website using HTML, CSS and JavaScript. Focused on modern UI design and responsiveness.
